

SAVES

Maturation Through Education

Miami-Dade County Public Schools

Mr. Italais Fleury arrived in Miami from Haiti in October of 2004 and enrolled at South Dade Adult Education Center just a few weeks later. Italais started his SAVES ESOL classes at the Foundations level, but by the next term he had already advanced to Level 3.

Italais came to the United States to join his mother and younger brother and sister, and is so glad to have this opportunity. He looks forward to attending Miami Dade College as soon as possible, and hopes to study Civil Engineering, as he really enjoys mathematics.

With SAVES help, Italais is reaching his dream

Mr. Fleury completed his remaining ESOL classes with such distinction that his counselors at South Dade thought that he should move on to the High School Completion Program.

Italais thinks that SAVES is a wonderful program because it helps him to realize what he has always wanted to be, a professional. SAVES provides him with the materials that he needs for his classes, including books. He feels that SAVES helps prepare him for the future, to make his dreams come true.

Tomasita Neal, Saves Site Coordinator at South Dade Adult, states that Italais is a great student. Ms. Neal has watched Mr. Fleury develop as he has progressed from level to level. Sandel Irmgarn, another SAVES staff member, proudly says that beyond his academic growth, which has been fantastic, there has also been tremendous personal growth demonstrated by Italais. When he arrived at South Dade, he was quiet and introverted. Now he is friendly and outgoing. Reports from his teachers confirm this.

Italais Fleury is an outstanding student and is expected to achieve all his goals.

Prepared with funds from the U.S. Department of Health and Human Services through the Florida Department of Children and Families, Office of Refugee Services.
